February 2011

## **Ticket Secretary**

“John Derbyshire has resigned as ticket secretary. I was sorry to receive his resignation as I felt that he was doing a wonderful job. I am sure that you would like to join with me and the whole of the club in thanking John for the work that he has done as ticket secretary over the last couple of seasons. I will always be grateful to John for taking the responsibility away from me, at a time when I was struggling with my health.

This now creates a vacancy within the club, for someone to take on the responsibility of this role. It involves ordering tickets for home and away games, and for organising with Ian the coaches for each of the home games. It is at times a demanding job, but it does have its awards. It brings you into regular contact with club members. If there is anyone within the club that would like to apply for the position, which brings with it a position on the committee, could they please let me know as soon as possible.

If maybe two of you would like to do the job between you with one taking responsibility at the home games and the other at the away games, this could also be considered. The role would require somebody who does go to most of the home games as a distribution for tickets on the coach is an important aspect of it.

In the absence of anyone being prepared to take over this role, I am confident at the AGM, we will be recommending that the club become a “travel only” club. If that happens, then all club members would have to arrange to get their own tickets and we would simply offer the travel arrangements to those who wish to go on a “first come first serve”.

If you feel that you have the time and energy and inclination to take on this very important and pivotal role within the club, I would be grateful if you would contact me as soon as possible”.

With all good wishes.

Yours sincerely

**A D MAXWELL**
